

DESCRIPTION

PR-N3201 is a polyethylene block out tape that's used for screen printing. You can apply this durable tape (5 mils) to both sides of the screen, and it's conformable in frame corners. The polyethylene tape forms an aggressive bond that resists moisture, inks, and cleaning solvents and can withstand multiple washings. You'll love the clean removal of the tape in one piece – from wood frames and screens – with no adhesive residue left behind. The block out tape has a solvent acrylic adhesive. Available in white, this self-wound block out tape is an all weather tape that is UV resistant for up to 30 days.

APPLICATIONS

- Screen printing (as a block out tape to prevent ink and cleaning solutions from creeping between the screen and the frame)
- General masking (where high adhesion is required)

FEATURES & BENEFITS

- Durable
- Solvent resistant
- Moisture resistant
- Aggressive adhesive won't damage screens
- Tape remains intact through multiple cleaning/washing cycles
- Clean removal
- Conformable in frame corners

PRODUCT CONSTRUCTION

Backing	Polyethylene
Adhesive	Solvent Acrylic

TECHNICAL DATA

Thickness	5 mils
Tensile	10 lbs/in
Adhesion	24 oz/in
Elongation	150%
Color	Blue, White
Sizes	1" to 3" x 36yds / custom slitting

STORAGE & USAGE CONDITIONS: Store tape in its original packaging away from direct sunlight and in a cool and dry area. For optimum performance, tape should be used within 12 months of date of shipment. Tape works best when applied to a surface that is clean, dry and free of grease, oil or other contaminants.
